

THE ROLE OF MEUSAC

EU FUNDING

- We set up one to one meetings with organisations to discuss the funding opportunities that they can apply for;
- We advice organisations on project proposals and what is required to draft a good proposal; and
- We assist public entities, local councils and NGOs to complete the application form and gather the necessary documentation that has to be submitted with the application.

COMMUNICATION WITH MEUSAC

- It is important to have a sense of ownership of the project.
- We need your full cooperation in providing information in order to fill in a competitive project proposal.
- Changing core project details at the last minute may hinder the consistency of the project application.
- When assisting you with project design we might suggest changes to the project, which are in the best interest of your proposal and ensuring it is as competitive as possible.
